## PRIMARY CARE & PEDIATRICS

Our focus is you — and your whole-person health. By connecting mind with body, we serve the whole person — both emotionally and physically. The ability to balance and nurture this connection as a single, dynamic health care unit provides a different perspective of your health and wellness. Combining the latest health care technologies with compassionate, quality care, together, we can chart a path to improved health.

### **PEDIATRIC SERVICES:**

- Well baby check-ups
- Well and sick child exams
- Physicals
- Immunizations
- Childhood illnesses

**Seeing a Primary Care Doctor regularly improves overall health. If you do not have a Primary Care Doctor, please talk with us today.**

**Our primary care providers are accepting new patients!**

**Call 1-844-853-8937 to schedule your visit today.**

We accept private insurance, Medicaid, sliding scale, and same-day payment discounts. Additional funding is available to support those who qualify. We encourage you to contact your local office to speak with program representatives to learn more.
