Find Your Path to Better
Health and Wellness

ADAPT provides personalized substance use treatment based on the ASAM Model of Care. After your assessment, we will recommend the level of care that best meets your needs and adjust services as you grow in recovery.

Our services help you build a healthier life without relying on alcohol or drugs. You'll learn practical recovery skills, strengthen relationships, improve communication and decision-making, and work toward your personal, family, educational, and employment goals. We partner with you to identify and overcome barriers that stand in the way of lasting recovery.

We focus on your strengths and provide a supportive environment where hope, healing, and lasting recovery can grow.
